ABOUT ME

EQUILIBRIO DESIGNS

Iam Shabeeba Shaharban, an aspiring interior designer with a keen interest in creating functional, elegant, and visually appealing spaces that reflect both creativity and practicality.

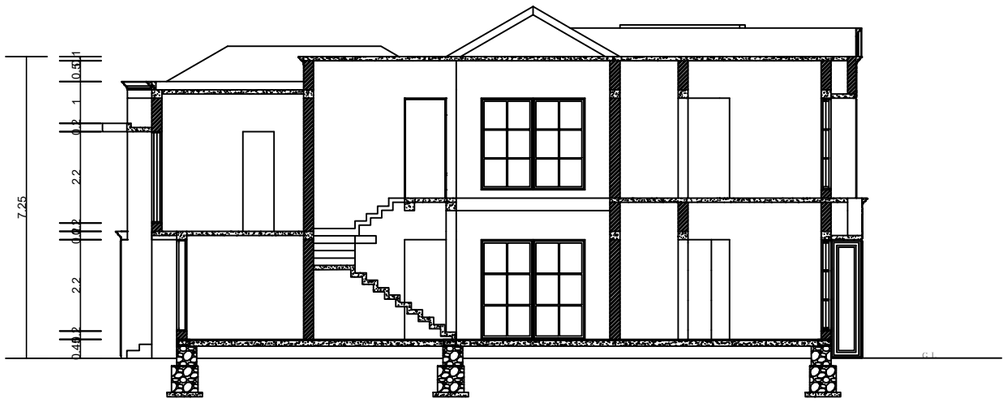

I completed a 90-day internship at Equilibrio Designs, Calicut, where I gained valuable exposure to the professional interior design process. This experience helped me strengthen my understanding of space planning, material selection, design development, and the importance of balancing aesthetics with functionality.

During my internship, I had the opportunity to observe professional design practices, explore creative ideas, and gain hands-on experience in interior design projects. This journey helped me improve my technical skills, develop a better eye for detail, and build confidence in approaching design challenges. My experience at Equilibrium, Calicut, has expanded my design knowledge and inspired me to continue learning, exploring new ideas, and developing my own design perspective as I work towards building a successful career in interior design.
