INTERNSHIP COMPLETION CERTIFICATE

TO WHOMSOEVER IT MAY CONCERN

This is to certify that **Mr. Nithin S** has undergone internship training at **Makmo Design, Chirayinkeezh, Thiruvananthapuram**, from **6 August 2026 to 30 October 2026**.

During the internship period, he was involved in design-related tasks such as AutoCAD drafting, SketchUp modelling, floor-plan development, kitchen and bedroom drawings, exterior modelling, and project drawing work.

The internship provided him with practical exposure to design development, drawing preparation, and the workflow of an interior design practice.

We wish him success in his future academic and professional endeavours.

Date: 30-10-2026 **Place:** Chirayinkeezh

RDC CONCRETE – CORPORATE OFFICE DESIGN

- DESIGNED FOR PRODUCTIVITY. BUILT FOR PERFORMANCE.
- Spaces that inspire collaboration and efficiency.
- Where functionality meets professional identity.
- A workspace shaped by purpose and precision.

Designed with a focus on functionality, efficiency, and contemporary workplace aesthetics, the RDC Concrete office is envisioned as a professional environment that supports seamless communication and productive working experiences. The spatial layout carefully organizes the workstation area, managing director's cabin, and dedicated server room to establish a well-structured and efficient office environment. Thoughtful furniture placement, circulation planning, and spatial organization ensure maximum utilization of the available area while maintaining comfort and accessibility. The design approach emphasizes a balance between practical workspace requirements and a clean, professional atmosphere, creating an environment that reflects the identity and operational needs of the organization.

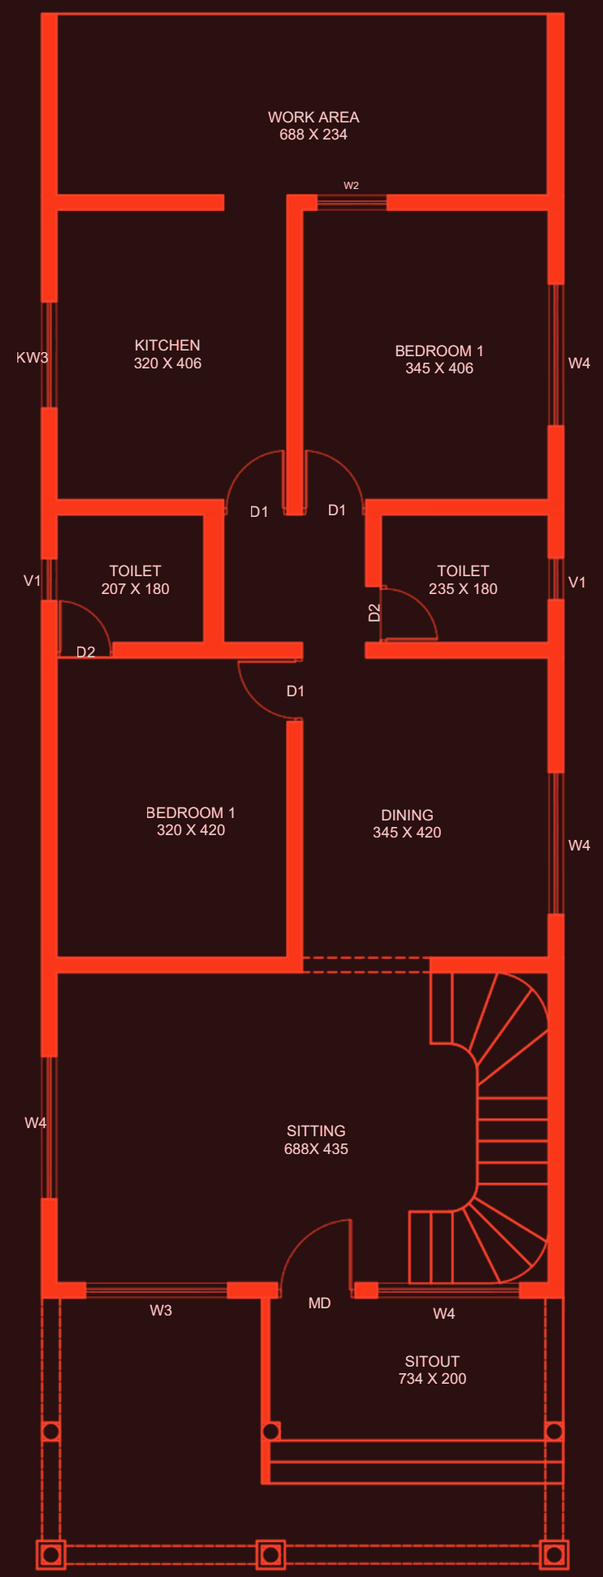
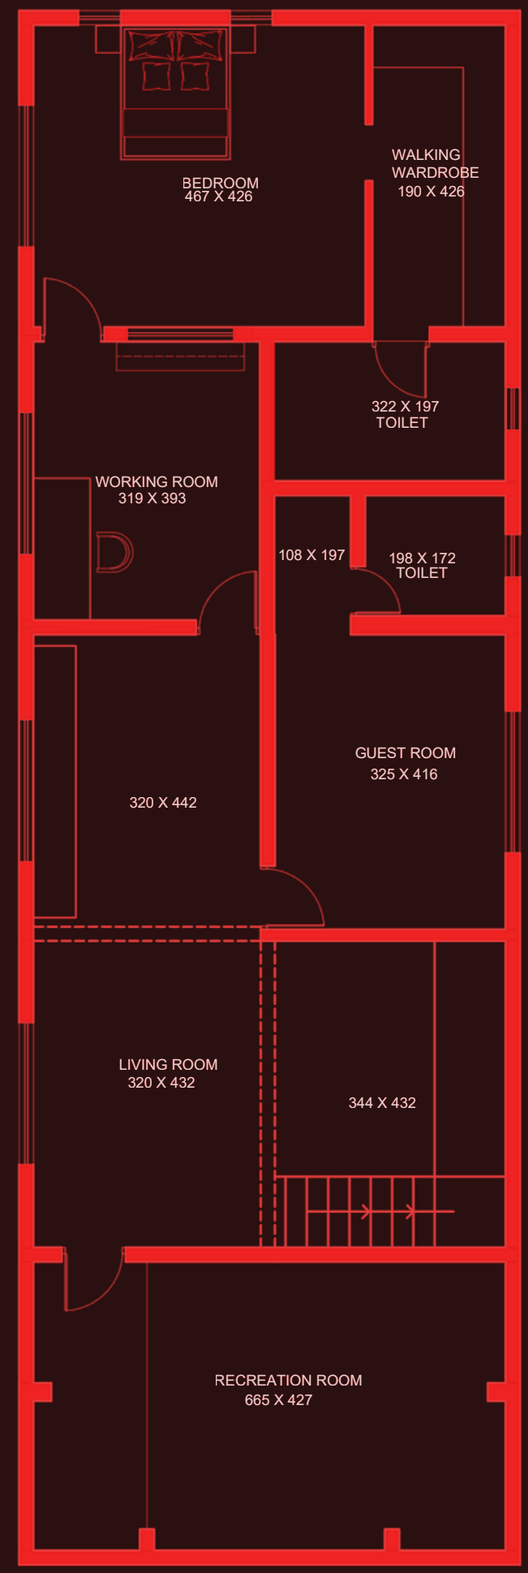
FURNITURE LAYOUT

BENNY CHANGANASSERY – RESIDENTIAL DESIGN

- DESIGNED FOR LIVING. CREATED FOR BELONGING.
- A harmony of comfort, space and everyday life.
- Where thoughtful planning meets timeless living.
- Spaces that embrace comfort and individuality.

Conceived as a contemporary residential environment in Changanassery, this project focuses on creating a harmonious balance between functionality, comfort, and everyday living. The spatial planning is thoughtfully organized to accommodate private, semi-private, and communal areas, ensuring a natural flow between different spaces. The layout integrates well-defined bedrooms, living areas, kitchen, dining, recreational spaces, and essential service zones while maintaining privacy and accessibility. Careful consideration of circulation, spatial proportions, and functional relationships enhances the overall living experience. The design aims to create a welcoming residential atmosphere that responds to the lifestyle needs of its occupants, combining practical planning with a timeless approach to architectural living.





MS SITHARA RESIDENCE – KAKKANAD

- A QUIET EXPRESSION OF TIMELESS LIVING.
- Where elegance finds its home.
- Crafted with intention, designed for life.
- Beyond spaces, a feeling of belonging.
- An intimate balance of beauty and comfort.

Rooted in the idea of refined living, MS Sithara Residence is envisioned as a contemporary home where aesthetics, comfort, and functionality come together in a seamless expression of residential design. Located in Kakkanad, the project explores the relationship between spatial harmony, natural ambience, and modern lifestyle requirements. Every space is thoughtfully considered to create a sense of openness, warmth, and individuality, allowing the transition between private and shared living areas to feel effortless. A carefully balanced design approach, with attention to proportions, material character, natural light, and spatial flow, establishes an atmosphere that feels both sophisticated and welcoming. More than just a residential structure, the design aspires to create a personal sanctuary where everyday moments become meaningful experiences and timeless aesthetics meet the art of comfortable living.

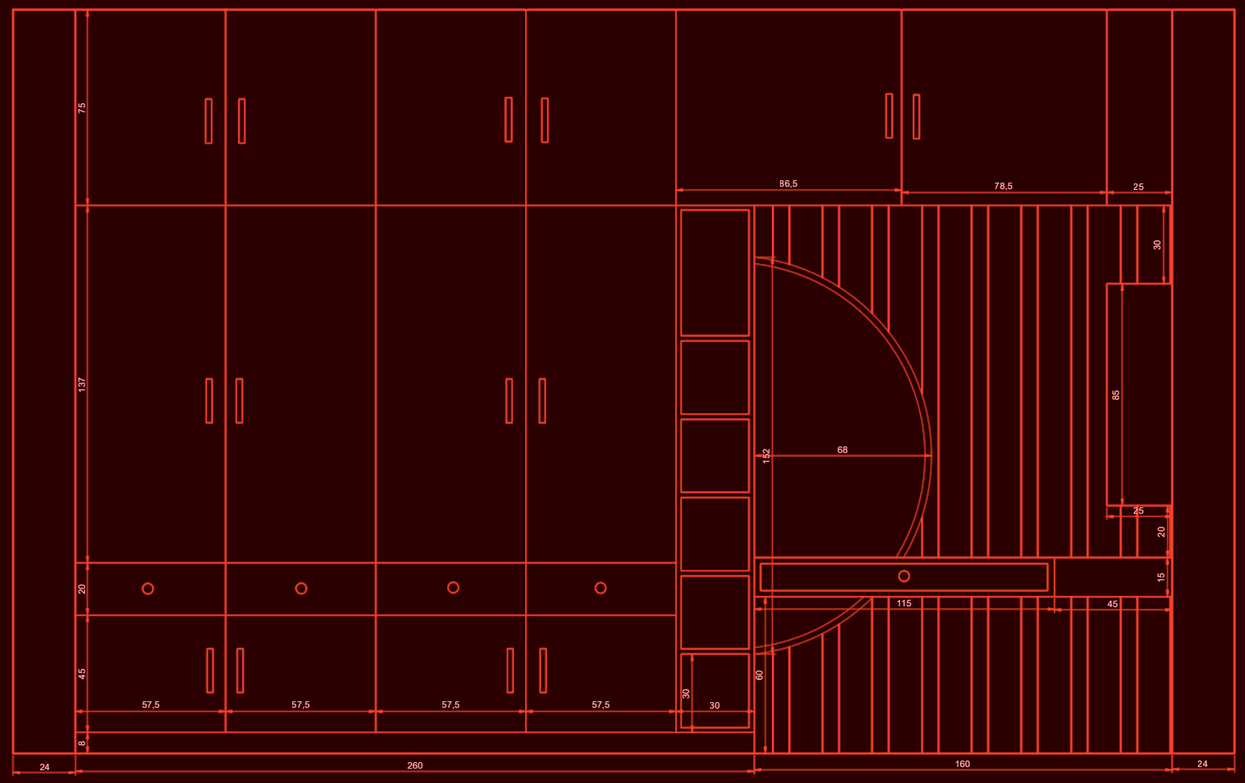
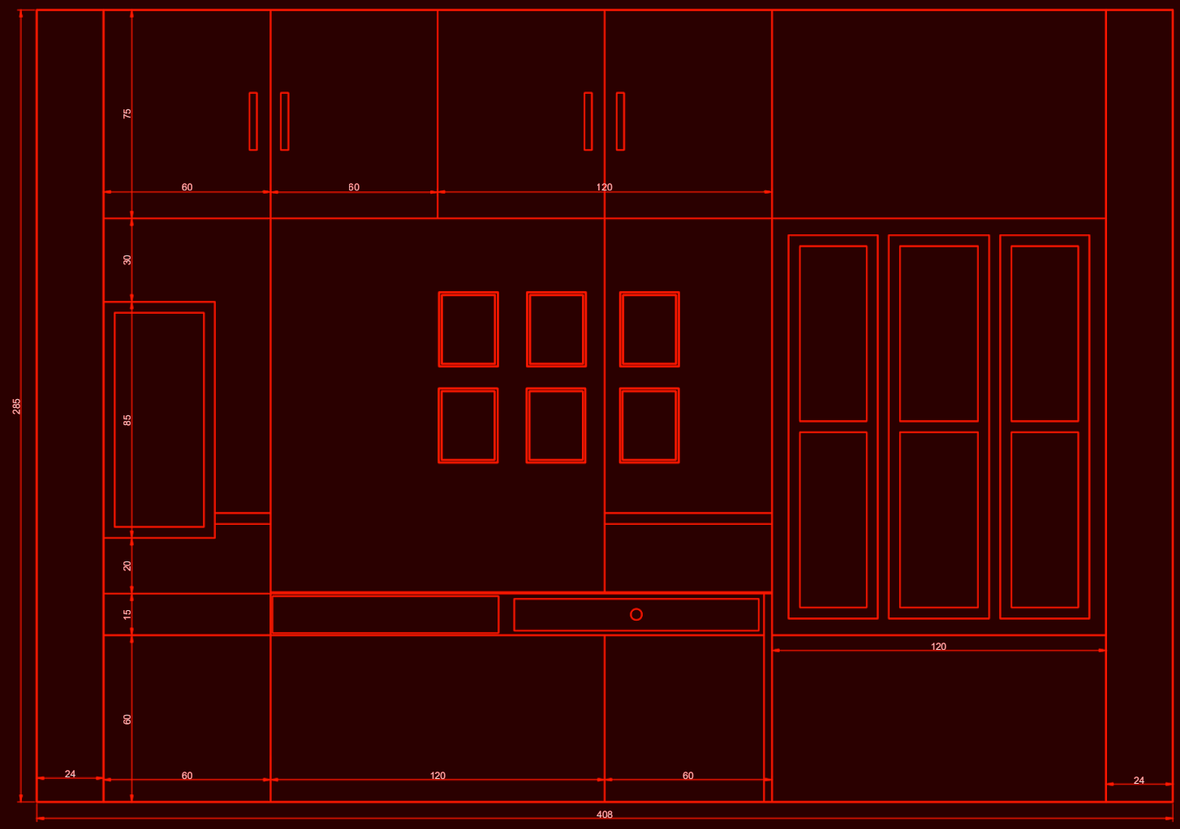
ELEVATION - 06

The bedroom elevations showcase a modern and functional design with a balanced combination of sleeping, storage, and display elements. The bed is positioned centrally against a panelled backdrop, creating a strong focal point, while the integrated bedside tables provide convenient accessibility and symmetry. A tall vertical shelving unit on the right adds additional storage and display space. The opposite elevation features a spacious, customized wardrobe with overhead cabinets, multiple shutter compartments, open shelving, and drawers, ensuring efficient organization and maximum utilization of space. The overall design emphasizes clean lines, symmetry, and practical functionality while maintaining a contemporary and visually balanced bedroom interior.





ELEVATION - 07

ELEVATION - 08

The bedroom elevations illustrate a contemporary and space-efficient design with a focus on integrated storage and decorative detailing. One elevation features a full-height modular wardrobe with multiple shutter compartments and bottom drawers, combined with an elegant dressing unit incorporating a curved mirror, vertical fluted panels, and open storage shelves. The opposite elevation highlights a well-organized wall arrangement with overhead cabinets, a central decorative display featuring geometric box elements, and a combination of drawers and open storage. The overall design creates a harmonious balance between functionality and aesthetics through clean lines, geometric patterns, and customized furniture elements, enhancing the modern character of the bedroom.
